## Association Wetlands International – Members Information Form

As your organisation applied to become a member of Wetlands International, we would like to learn more about your organisation's work, needs, and interests. We encourage you to fill out the following form to help us get to know your organisation and the topics you are interested in.

Name of Organisation / Government: Ministry of Environment, Chilean Government

Contact Person: Alejandra Figueroa Fernandez

Description of your current activities and interests in relation to wetlands:

The Ministry of Environment of Chile is developing the National Wetland Strategy and its associated action plan 2015. Likewise, from 2009 until today exists a monitoring web for coastal and Andean wetlands with a special effort to describe the trophic state of these aquatic ecosystems. The Ministry of Environment also has a cadastre with more than 18.000 wetlands, with information concerning to physico-chemical, biological and threats information, from which a digital platform for the data administration of Chilean wetland is in preparation.

Your organisation's future needs and interests. Please indicate your motivation for applying for membership of Wetlands International and highlight the primary topics for joint activity.

The Ministry of environment has specially focused on Coastal and Andean Wetlands ecological state. Therefore, the National Wetland Strategy includes four principal components which are the focus of interest in the next year:

Ecological Conservation

Ecological Restoration

Sustainable uses

Governance

Environmental Management.
